**DETAILED ACTION**

***Response to Amendment***

1. This office action is in response to an amendment filed on 2/8/2006.
2. Claims 1, 9 and 18 have been amended by the applicant.
3. Claims 5 and 12 have been cancelled by the applicant.
4. Claims 2-4, 6-8, 10, 11 and 13-17 are original.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-4, 6-11, and 13-18 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention, in claims 1, 9 and 18: "boundary pairs are at least two voxels apart".

***Conclusion***

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
